Condensed Matter Theory Faculty Position
Department of Physics and Astronomy
Johns Hopkins University

The Department of Physics and Astronomy of the Johns Hopkins University expects to fill a tenure-track or tenured faculty position in theoretical condensed matter physics. This is an open-rank search, and candidates will be considered for appointment both at the assistant professor level and at higher ranks, as appropriate. The successful candidate will be expected to maintain an active research program in any area of soft or hard condensed matter physics and to teach at both the undergraduate and graduate levels.

Applicants should submit a curriculum vitae, a list of publications, and short description of research plans via Interfolio to https://apply.interfolio.com/27848. Applicants who wish to be considered at the level of assistant professor should have three letters of recommendation submitted on their behalf to the same address. If you have questions concerning Interfolio, please call (887) 997-8807 or email help@interfolio.com. You may also contact Pam Carmen at (410) 516-7346 or pam@pha.jhu.edu.

Consideration of applications will begin on January 1, 2015, and will continue until the position is filled. Johns Hopkins University is an affirmative action/equal opportunity employer, and welcomes applications from women and members of underrepresented groups.
