THEORETICAL CONDENSED MATTER AND STATISTICAL PHYSICS
(CM&SP) POST-DOCTORAL POSITIONS
AT
THE ABDUS SALAM
INTERNATIONAL CENTRE FOR THEORETICAL PHYSICS (ICTP)

(ACADEMIC YEAR 2010-2011)

The current research areas of the ICTP CMSP Section include strongly correlated electron systems, disordered and mesoscopic systems, \textit{ab-initio} electronic structure studies, quantum liquids and solids, surface physics, friction, theoretical nanoscience, statistical physics and related interdisciplinary areas, including glassy systems, soft matter, theory of computation, physics of adaptive systems and biophysics.

A limited number of post-doctoral positions for young CM&SP theoreticians will be available starting Fall 2010.

Appointments will be made for two years, with the possibility of renewal for one more year.

Applicants should be no more than 35 years of age at the time of application and should have obtained their Ph.D. after 2005. Applications, including a detailed curriculum vitae (indicating date of birth, nationality, family status, dependents), list of publications and at least three letters of recommendation (sent separately), should be clearly addressed and sent hard copy to:

\textbf{ICTP}
\textbf{Secretary, CMSP Section}
\textbf{(Ref. postdoc 10/11)}
\textbf{Strada Costiera 11}
\textbf{I-34014 Trieste, Italy}

Please note e-mail applications/recommendation letters are NOT accepted.

Deadline for receipt of applications: 1st December 2009.
