Faculty Position
Theoretical Soft Condensed Matter or Biological Physics

The Department of Physics at Simon Fraser University invites applications for a tenure track position in theoretical physics. The initial appointment will be at the rank of Assistant Professor. We are searching for an individual of outstanding promise who will develop a high-profile externally funded research program in an area of soft condensed matter physics or biological physics and who will participate in the undergraduate and graduate teaching program of the Department. He or she will join and further strengthen an already very strong experimental and theoretical research group working in these areas. The projected start date is September 1, 2012, subject to final budgetary approval.

All qualified candidates are encouraged to apply; however, Canadians and Permanent Residents of Canada will be given priority. Simon Fraser University is committed to an equity employment program that includes special measures to achieve diversity among its faculty and staff. We therefore particularly encourage applications from qualified women, aboriginal Canadians, persons with disabilities and members of visible minorities.

Applicants should submit a curriculum vitae as well as a concise research proposal (up to three pages) and arrange for three letters of recommendation to be sent to:

Dr. Simon Watkins, Chair
Department of Physics
Simon Fraser University
8888 University Drive, Burnaby, BC, Canada V5A 1S6

E-mail: phys_search@sfu.ca

This competition will remain open until the position is filled. Screening of applications will commence on January 15, 2012.

Simon Fraser University is located 30 minutes from downtown Vancouver. Information about the Department of Physics is available at physics.sfu.ca. Information on our biophysics research group is available at www.sfu.ca/biophysics.

Under the authority of the University Act, personal information that is required by the University for academic appointment competitions will be collected. For further details, see www.sfu.ca/vpacademic/faculty_openings/collection_notice.html.
