

Tenure-Track (Open Rank) Faculty Position  
Wellesley College

The Department of Physics invites applications for a tenure track position to begin in the fall of 2018. We will consider applicants at all ranks; assistant professor candidates are especially encouraged to apply. Successful applicants will have demonstrated excellence in teaching, a strong commitment to undergraduate education, first-rate research credentials and a well-developed plan to establish an active on-campus research program with significant student involvement. All fields of research will be considered, including those at interdisciplinary boundaries. We seek an individual interested in joining a vibrant academic community that is centered around teaching and working with curious, committed, and diverse students. The college is dedicated to building a culturally diverse and pluralistic faculty and is especially interested in candidates who can contribute to the diversity and excellence of the academic community through their teaching and service. Preference will be given to candidates with a Ph.D. in physics or closely related field, ABD considered.

Wellesley is a highly selective liberal arts college for women located 12 miles west of Boston. The Physics Department has a long tradition of providing high-quality scientific training, offering a dynamic and challenging undergraduate physics major. Many of our students go on to top graduate programs in physics and a variety of other disciplines. Applicants should submit a cover letter, curriculum vitae, a statement of teaching interests and experience, a proposed research plan that includes a description of undergraduate participation, and three reference contacts at <https://career.wellesley.edu>. If circumstances make it impossible to submit any materials through our application site, please email us at [working@wellesley.edu](mailto:working@wellesley.edu). Questions about the position should be directed to Glenn Stark at [gstark@wellesley.edu](mailto:gstark@wellesley.edu). Early applications are strongly encouraged; we will conduct on-campus interviews in fall 2017. For full consideration applications should be submitted by October 1, 2017.
