Tenure Track Faculty Position

Experimental Soft Matter Physics

Department of Physics
University of Colorado at Boulder

The Department of Physics at the University of Colorado at Boulder invites applications for a tenure-track Assistant Professor position, to start August 2007, in Experimental Soft Matter Physics, broadly defined.

The successful candidate is expected to establish a vigorous research and teaching program. Start-up funds will be available. Applicants should submit a current curriculum vitae and a summary of current and proposed research activities, and should arrange to have at least three letters of reference sent directly to: Soft Matter Experiment Search, Department of Physics, 390 UCB, University of Colorado at Boulder, Boulder CO 80309-0390. For full consideration all application materials, including letters of reference, should be received by December 1, 2006, but applications will continue to be reviewed until the position is filled.

The University of Colorado is committed to diversity and equality in education and employment. In that spirit, applications at all levels will be considered from those who would strengthen the Department’s diversity.
