Applied Mathematics Faculty
Position in Complexity

Northwestern University's Department of Engineering Sciences and Applied Mathematics invites applications for a full-time, tenure-track faculty position to begin as soon as September 2007.

Requirements include a Ph.D. and demonstrated ability to conduct high-impact interdisciplinary research in applied mathematics, focusing on complexity in natural and engineered systems and further enhancing the breadth of research activities in the department. Duties involve teaching and research. Rank and salary are negotiable.

To ensure full consideration, applicants should send their curriculum vitae, a statement of research interests, and at least three letters of recommendation before January 15, 2007 to:

Complexity Search Committee Chair
Dept. of Engineering Sciences and Applied Mathematics
2145 Sheridan Road
Northwestern University
Evanston, IL 60208
