The condensed matter theory group at the Weizmann Institute invites applications for a post-doctoral research position beginning Fall 2007. The successful candidate(s) will work in a lively basic research oriented environment, with strong theory-experiment coupling. They may work independently, but will be encouraged to interact with one or more of the group members which include: E. Altman, A. Finkelstein, Y. Gefen, Y. Imry, S. Levit, Y. Oreg, and A. Stern.

For best consideration send CV, list of publications, a short summary (1-2 pages) of recent research, and have 3 reference letters sent to:
Ms. Roby Tsabary (attention TCM post-docs), Dept. of Condensed Matter Physics, The Weizmann Institute of Science, Rehovot 76100, Israel, or mail to yuval.gefen@weizmann.ac.il re: TCM post-docs
