Post-doctoral Position in Condensed Matter Theory at Yale:
Applications are invited for a post-doctoral position in condensed matter theory at Yale with Prof. Karyn Le Hur, starting roughly September 1, 2007 and extending for two years. Preference will be given to candidates with expertise in strongly correlated systems, nanoelectronics, cold atomic gases, and superconductivity. The successful candidate will be encouraged to collaborate with me and other members of my group. Yale has a strong effort in condensed matter physics (http://www.physics.yale.edu). Please send your Curriculum Vitae including publications and statement of research interests and arrange for 2 letters of recommendation to be sent to by email to Catherine Barabas at Catherine.Barabas@yale.edu, before the 15th of December 2006. Yale University is an Affirmative Action/Equal Opportunity Employer, and applications from women and minority scholars are strongly encouraged.
